

Certification and Licensure Program 1- no credit hours given No degree required

Welcome to your new journey! This award-winning training will give the student a basic-foundational-level training like no other. The student will learn to counsel others to overcome their struggles/problems with a 95% success rate. No degree is required to begin this program (designed for ordained clergy, youth workers, etc.) or those with a degree in another field of study. Those not ordained must be willing to be commissioned as a Commissioned Minister of Counseling through Abundant Life Ministries. This revolutionary training will enable the student to obtain necessary skills and recognition to counsel and carry out ministerial duties more effectively.

Those whom have a degree in an area other than counseling may enroll to receive this supplemental-level-training to become a Certified Temperament Counselor and Licensed Pastoral Counselor without needing to earn another degree.

In Phase 1, the student will learn how to set up a successful counseling ministry, learn to counsel using the Creation Therapy model of counseling, and become a Certified Temperament Counselor. At this level, counselors can counsel in their churches, as a chaplain, or in volunteer counseling setting. Donations can be accepted, but fees cannot be charged.

In Phase 2, the student will build upon Phase 1 by becoming a Licensed Pastoral Counselor (This designation does not mean one has to be a pastor or hold a church position). At this level, the counselor can charge a fee while working anywhere that needs faith-based counseling.
